CUSTOMER UPDATE

Cemintel has long been recognised for its excellence in manufacturing and distributing high-quality Fibre Cement products, known for their durability, versatility, and aesthetic appeal. Until now, CSR Building Products (NZ) LTD has distributed a small selection of the Cemintel range, including the Rigid Air Barrier, Cemintel® Wallboard, Eaves Lining sheet and Cladding sheet, while the Cemintel Territory™, Surround™ and Barestone™ lines have been distributed through New Zealand Brick Distributors LP.

On Tuesday 2 April, CSR Building Products (NZ) LTD will take over the distribution of Cemintel products from New Zealand Brick Distributors LP. Until then it will be business as usual for your Cemintel requirements, and you can expect to hear more from us as we integrate your account with our sales and ordering process, product delivery, technical support, and customer service.

This change brings all our Cemintel products within CSR Building Products (NZ) LTD's portfolio, and complements our existing offerings of Bradford, Hebel and Monier Roofing products. We are excited to be able to provide you with an even more comprehensive selection of building materials designed to meet the evolving needs of diverse construction projects.

CSR Building Products (NZ) LTD is committed to keeping you updated and is working through a detailed transition plan to minimise any impact to your business. The team will be in contact directly in the coming weeks to answer any questions, provide detailed product information, and ensure a smooth transition for you and your business.
