FAÇADES & CLADDING TEXTURE BASE SHEET

Cemintel® Texture Base panels, commonly referred to as 'Blueboard', provide a substrate for a smooth, monolithic surface when utilising textured finishes.

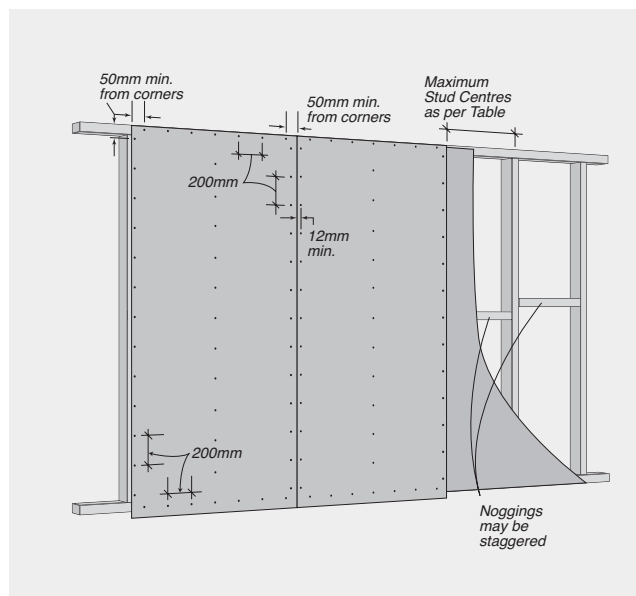

The products are generally used to provide a lightweight solution for second storey residential construction above masonry.

Jointing & Coating System

System Overview – Vertical Fixing of Sheets

Cemintel Code	Thickness (mm)	Width (mm)	Length (mm)	Mass (Nominal)	Panels per pack
10240	7.5	1200	2440	11.7kg/m ²	30
